MVATVR

The Magic Valley ATV Riders, Inc. was founded in 2007 with a dedication to:

- Make it possible for folks with similar interests to interact in a social setting, such as campouts, rides, meetings, and picnics.
- Promote the positive aspects of ATV/UTV riding and the enjoyment of the land.
- Work to protect our access to our public lands and keep our trails maintained.

Who can join?

We are a family friendly organization and anyone can join. Although we cater primarily to those with 50" ATV's and UTV's-since most of our summer and fall riding is on 50" trails-those with motorcycles and larger UTV's are also welcome to join.

Dues are \$25 for a single person and \$30 per family. Members are invited to all the events and receive a monthly newsletter as well.

Come ride with us!

The Magic Valley ATV Riders, Inc. are excited for you to join your fellow adventurers in exploring the many great riding areas around the Magic Valley and beyond!

As you look over our flyer, don't hesitate to contact us if you have any questions about who we are or what we do!

Mackay – 7/29/22

We Ride

We ride about 10 months a year, depending on the severity of winter. We start in the lower elevations and work our way higher as the season progresses. We visit places with all types of scenery and terrain. Our rides range from very easy to somewhat technical and are rated with a difficulty level. We usually start mid-morning with a lunch stop during the day and end in late afternoon. We have a no rider left behind policy. Experienced riders are always available to help the less experienced. As with any other motorized vehicle operation, we do not condone driving while intoxicated whether it be alcohol or drugs and recommend that you wear a helmet.

Lake Channel – 4/15/22

Ever seen a herd of elk or deer run across the trail between you and the folks you are riding with? We have. How about stopping by a lake at 9,000 feet for lunch? We do. How about exploring an old miner's camp and imagining how they got those huge timbers up to where you are standing? Amazing. And there is the desert. Did you know there are actual caves we ride to? What about the colors of the spring flowers? Absolutely beautiful.

Fish Creek – 6/25/21

We Camp

We organize campouts multiple times a year. Some are only for the weekend. Some are extended to several days or even a week. This is the time for socializing and getting to know your fellow MVATVR members. We have some fantastic cooks in our club and potlucks are known to occur quite often, along with the occasional batch of homemade ice cream! Oh, did we mention the campfires that burn late into the star-filled night skies of Idaho?

FS Flats – 9/22/22

We Meet

In addition to our gatherings while camping, we hold monthly meetings from October to May on the 2nd Wednesday of the month. Action Cycles and Sleds, Adventure Motorsports, Let's Ride, and Young Powersports host some of the meetings, and the rest are held at Idaho Pizza in Twin Falls. We have an annual winter banquet in January, and a summer picnic in September. They're all opportunities to come together and share stories!

Monthly meeting – 4/12/22

We Work

In order to keep the trails open, we work in concert with the Forest Service and BLM in keeping the trails open and safe to ride. We have a work weekend in June, and also work on Public Lands Day in September to keep our trails in shape!

Martindale Fork

Protect

This portion of what we do is not as much fun as the riding and camping, but it is probably the most important. If we have no place to ride there is no camping and there is no riding. Sadly, there are folks that believe that motorized recreation should go away on public lands. Our access to public land is under constant attack. We work with land managers to keep our public lands open for ATV / UTV riding. We are actively involved in all land management decision-making in our riding area. We are involved in state and federal legislation which affects ATV / UTV riding.
